Support the Future in Northeast Florida

Allen D Nease Electrathon is a team that competes in electric car endurance racing consisting of passionate drivers and crew members from St Johns County.

Founded in 2020 our mission is to foster knowledge and hands on experience in motorsports and electric vehicles for students of Allen D Nease High School. This year we aim to compete in at least 3 more races and at least 4 in the next season as well as promoting the growth of Electrathon in St Johns county where we have encouraged the growth of two other teams and Northeast Florida where opportunities we have created have helped to inspire teams in Duval and other counties as well.

Sponsorship opportunities currently available. Sponsorship is for 1 calendar year from the start date. Current sponsor has first right of refusal for renewal the following year.

Bronze level 500/year

Small logo on car between number and wheels, logo on website, mentioned once per race in race posts on social media

Silver level 1000/year

Larger logo on rear quarter of car, logo on website, mentioned once per race in race posts and one time per month in social media, name listed on team shirts, provided banner up 2'x3' displayed at events.

Gold level 5000/year

Logo on hood of car, larger logo on website, mentioned in all race posts, mentioned 2 times per month on social media, mentioned in all other media as allowed, small logo on team shirts, provided banner up to 4'x6' displayed at events.

Platinum level 10,000/year

Completely sponsors a car, your logo on the car hood and sides, logo featured on website, mentioned in all race posts, mentioned 2 times per month through team social media, mentioned in other media as allowed, logo prominently displayed on team shirts, provided banner up to 6'x10' displayed at events.

Financial donations and donations in kind are also greatly appreciated.
